

COLD TOLERANT ALOES

Species	Country of Origin	Temperature	Low	Heat	Aloe Mite Resistance
<i>A. affinis</i>	South Africa	20 F	high	high	
<i>A. africana</i>	South Africa	25 F	high	high	
<i>A. arborescens</i>	South Africa	25 F	medium	low	
<i>A. arenicola</i>	South Africa	?	low	medium	
<i>A. asperifolia</i>	Namibia	20 F	high	high	
<i>A. ballyi</i>	Kenya	32 F	high	high	
<i>A. bellatula</i>	Madagascar	20 F	high	high	
<i>A. buhrii</i>	South Africa	20 F	high	high	
<i>A. castellorum</i>	Yemen	20 F	high	high	
<i>A. clausenii</i>	Kenya	20 F	high	high	
<i>A. claviflora</i>	South Africa	20 F	high	high	
<i>A. comosa</i>	South Africa	20 F	high	medium	
<i>A. cryptopoda</i>	South Africa	20 F	high	high	
<i>A. dabenorisana</i>	South Africa	?	?	?	
<i>A. dewinteri</i>	Namibia	20 F	high	high	
<i>A. dhufarensis</i>	Oman	20 F	high	high	
<i>A. dichotoma</i>	South Africa	25 F	high	high	
<i>A. distans</i>	South Africa	25 F	high	high	
<i>A. elata</i>	Kenya	20 F	high	?	
<i>A. excelsa</i>	South Africa	20 F	high	high	
<i>A. falcata</i>	South Africa	20 F	high	high	
<i>A. ferox</i>	South Africa	20 F	high	high	
<i>A. framesii</i>	South Africa	20 F	medium	high	
<i>A. gariepiensis</i>	South Africa	20 F	high	high	
<i>A. glauca</i> var. <i>glauca</i>	South Africa	20 F	high	high	
<i>A. glauca</i> var. <i>muricata</i>	South Africa	20 F	high	high	
<i>A. hereroensis</i>	South Africa	20 F	high	high	
<i>A. humilis</i>	South Africa	20 F	high	high	
<i>A. karasbergensis</i>	South Africa	20 F	high	high	
<i>A. kedongensis</i>	Kenya	25 F	high	high	
<i>A. khamiesensis</i>	South Africa	25 F	high	high	
<i>A. kilifiensis</i>	Kenya	32 F	high	high	
<i>A. kommagasensis</i>	South Africa	20 F	high	high	
<i>A. krapholiniana</i> var. <i>dumoliniana</i>	South Africa	20 F	high	high	
<i>A. krapholiniana</i> var. <i>krapholiniana</i>	South Africa	20 F	high	high	
<i>A. lateritia</i> var. <i>graminicola</i>	South Africa	20 F	high	medium	
<i>A. lateritia</i> var. <i>lateritia</i>	South Africa	20 F	high	medium	
<i>A. lineata</i> var. <i>lineata</i>	South Africa	20 F	high	high	
<i>A. lineata</i> var. <i>muirii</i>	South Africa	20 F	high	high	
<i>A. littoralis</i>	Namibia	20 F	high	high	
<i>A. longistyla</i>	South Africa	20 F	high	low	

COLD TOLERANT ALOES

<i>A. luntii</i>	Oman	25 F	high	high
<i>A. maculata</i>	South Africa	20 F	high	high
<i>A. melanacantha</i>	South Africa	20 F	high	high
<i>A. meyeri</i>	South Africa	25 F	high	high
<i>A. microstigma</i>	South Africa	20 F	high	high
<i>A. mitriformis</i>	South Africa	25 F	medium	high
<i>A. namibensis</i>	Namibia	25 F	medium	high
<i>A. ngongensis</i>	Kenya	20 F	high	high
<i>A. officinalis</i>	Yemen	20 F	high	high
<i>A. pearsonii</i>	South Africa	20 F	high	high
<i>A. perryi</i>	Yemen	20 F	low	medium
<i>A. pillansii</i>	South Africa	20 F	high	high
<i>A. pluridens</i>	South Africa	20 F	high	high
<i>A. rabaiensis</i>	Kenya	25 F	high	high
<i>A. ramosissima</i>	South Africa	25 F	high	high
<i>A. rubroviolaceae</i>	Yemen	25 F	high	high
<i>A. secundiflora</i>	Kenya	20 F	high	high
<i>A. speciosa</i>	South Africa	20 F	high	high
<i>A. squarosa</i>	Yemen	32 F	high	high
<i>A. striata</i>	South Africa	20 F	high	high
<i>A. suprafoliata</i>	South Africa	20 F	high	high
<i>A. tomentosa</i>	Yemen	20 F	high	high
<i>A. turkanensis</i>	Kenya	25 F	high	high
<i>A. tweediae</i>	Kenya	?	high	?
<i>A. ukambensis</i>	Kenya	25 F	high	high
<i>A. vacillans</i>	Yemen	20 F	high	high
<i>A. variegata</i>	South Africa	20 F	high	high
<i>A. viridiflora</i>	Namibia	20 F	medium	low
<i>A. volkensii</i> ssp. <i>Multicaulis</i>	Kenya	32 F	high	high
<i>A. volkensii</i> ssp. <i>Volkensii</i>	Kenya	32 F	high	medium
<i>A. wickensii</i>	South Africa	20 F	high	high
<i>A. zebrina</i>	Namibia	20 F	high
