- 1) Plants entered in the Show shall have been in the possession and care of the Exhibitor for a minimum of 6 months.**
- 2) Neither the CACSS or the Desert Botanical Garden assumes responsibility for loss, damage or unclaimed entries.**
- 3) ALL PLANTS entered in the Show shall be free of pests and/or disease. Any infected plants will be removed from the Show area at the discretion of the Show Committee.**
- 4) The decisions of the judges and show committee are final.**
- 5) Plants must be horticulturally propagated. No field-collected plants, whether salvaged legally or illegally, will be admitted.**
- 6) No plant illegal to possess in Arizona or that might be mistaken for such a plant will be admitted, for example any plant in the genus Lophophora.**
- 7) Each entry must be accompanied by an entry card. PLEASE FILL OUT CARDS PRIOR TO SHOW SETUP. Entry cards are available at monthly meetings before the show. Please fill out all required information above and below the dotted line without folding the card. If unable to get cards at meetings, reach out to club members for alternative arrangements.**
- 8) All plant entries must have a white plastic or metal label inserted in the soil at the back of the pot facing forward. This identifies the orientation of the plant when placed on display.**
- 9) Groom and clean your plants and pots prior to entry into the show. ABSOLUTELY NO CLEANING IN DORRANCE HALL. Remove leaves, spent flowers, cob webs, etc. Makes for a better display to the public.**
- 10) Exhibitors shall refrain from watering plants just prior to the show. Any plants dripping water on the show tables may be removed from the show at the discretion of the Show Committee.**

- 11) Inch measurements as indicated in the show categories refer to the inside diameter of the pot. For odd shaped pots, size is determined by adding the length and width together and dividing by two.
- 12) Plant stands may only be used in the Bonsai class or with plants that cascade below the edge of the pot.
- 13) Please note that Sections I and II are for single plants ONLY. For example, if you have a pot with 3 nice *Astrophytum ornatum* regardless of their size, that entry does not belong in Section I Class A Division 6 (*Astrophytum*). Rather it would belong in Section IV, Class B, Division 1 (Dish Gardens and Planters-Multiple Plants-Cacti).
- 14) Please do not bring in plants that you cannot lift yourself. In addition to the regular entry card, arriving heavy plants shall be set on the designated side table, along with the regular entry card, plus a full sheet of paper with plant name, exhibitor number and division number. On Submission Day, plants are moved multiple times as new entries are received. Your full page paper will serve as a placeholder for your plant until its final display position is identified, so it needs to be moved just once.
- 15) The Show Committee reserves the right to move or adjust plants, categories or displays to improve or facilitate a better show.
- 16) Please limit your entries to 25 per exhibitor.
- 17a) (Suspended for the 2024 show - see below) Members wishing to display plants not to be judged may do so. The Show Chair shall be notified of non-judged entries prior to show set up to allow for the appropriate space to be provided. Non-judged entries shall comply with other applicable rules and guidelines, including completion of the appropriate entry cards.
- 17b) For May 2024 show ONLY, SECTION V – Educational Exhibits Category is suspended to support the Show Chair/Education Coordinator in their efforts to present a cohesive, coordinated program in collaboration with the Desert Botanical Garden pertaining to the theme of Conservation. SECTION V shall be reinstated once the traditional Show and Sale format is resumed in 2025.
- 18) Exhibitors are not permitted on the show floor during judging.
- 19) Plants shall be removed from the show promptly after the show closes on Sunday.
