

CENTRAL ARIZONA CACTUS AND SUCCULENT SOCIETY

Meeting: Sunday, January 21, 1996

2:00 p.m. Webster Auditorium

Board of Directors: 1: 00 p.m.

Archer House

Program: "The Bug Man", Professor John Alcock, will speak on Desert Bugs and Plants. We really enjoyed hearing Professor Alcock a few years ago and look forward to this talk.

December Meeting: We enjoyed the delicious food and good company and missed those of you who were ill or had other obligations. We were entertained by a quartet (Jim Elliott, Damon Billings, Jo Davis and Marge Jantz) singing "Phoenix Wonderland" to the melody of "Winter Wonderland".

Election of Officers: We are having a serious problem getting someone to be president. Our "elections" are really a job of finding someone willing to be an officer or to serve on the board or on a committee. Our nominating committee, Fran Tolleson, Paula Matney, and Henry Triesler made many calls and agonized for months finally filling all offices except president. Henry Triesler has agreed once again to act as "titular president", a job he has undertaken for us at least three times. This is one organization which has plenty of "indians" but few who want to be "chief".

Officers for 1996:

President: vacant

Acting President or Chairman of the Board: Henry Triesler

Past President: Ken Jantz

Vice President: Gard Roper

Treasurer: Pat Korach

Secretary: Joan Skirvin

Affiliate Representative: Elaine Chapman

Librarian: Frances Volz

Publicity: Debra Korobkin

Board Members: Jo Davis, Cathy Babcock, Scott McMahon, Doyt Gallaway, Marge Jantz

Next Month: Our February meeting will be an open garden at the Wallaces. If you went last time, you know how impressive this estate is. And Mr. Wallace has been doing lots more, so this is something to look forward to. Map, time, etc. in next newsletter.

Thanks to the volunteers who worked at the Maricopa County Home & Garden Show, January 12, 13, and 14.

Have you sent in your dues?
