

Central Arizona Cactus and Succulent Society
September, 1993

This month

This month's program will be a presentation by Dr. Ted Anderson of the Desert Botanical Garden. He will show slides of rare plants, including Geohintonia mexicana, Aztekium hintonii and new taxa of Ariocarpus. Dr. Anderson's slides were taken during a recent trip with a group of botanists from international locales. This should prove to be an interesting and informative program.

A board of directors' meeting will be held at 1pm at the Archer House before the general meeting. All members are invited to attend the board meeting.

The Board of Directors has decided that members may sell plants during our monthly general meetings. Commercial or private plants are welcome to be sold; 25 percent of the proceeds will be due the Society. These funds will go toward the propagation program. Anyone who would like to sell plants during this month's general meeting, or during future meetings may do so. Please contact Linda Miller in advance of the meeting to arrange your sales, or for more information.

Last Month

Gregg Starr, a Tucson nurseryman, presented last month's program, which was about plants in Mexico, especially the Chihuahuan Desert. The program was entertaining, and Gregg answered lots of our questions. Thanks to Gard Roper for arranging for Gregg to address us!

Thanks to Bob Welsh for the freebies!

Next Month

October's program is another SILENT AUCTION! As always, we need you to donate your plants, tools, tags, books and other related paraphernalia to the Society to be auctioned off. Paula Matney, who did such a great job coordinating our June silent auction, will coordinate this one. Paula will need help to set up, monitor and break down, so give her a call.

Other Stuff

Virginia Walters has volunteered to be Hospitality Coordinator. Her job will be to greet you before meetings, but try beating her to it, and say hi to Virginia! Thank you for volunteering, Virginia!

November's meeting will be a buying trip to Tucson. Gretchen Haukereid and Miles Anderson are coordinating this trip. We will be visiting Bach's and Arid Lands. We will be stopping for lunch,

though the location has not yet been finalized. We've invited the Tucson Club to join us. We'll let you know more as details emerge.

Doyt and Rosemary Gallaway will host an open garden on November 7 at 1pm. I have been waiting for months to see Doyt's agaves...this will be a lot of fun.

Directions to the Gallaways':

Going north on GRAND AVE, proceed north of Bell Rd.
Turn RIGHT onto MEEKER. Go 1000 feet; turn RIGHT onto SUMMER STAR.
Go 1/2 mile, to their home at 13749 Summer Star.

Note that Miles Anderson's phone number has changed to 682-7274.

Please welcome our newest member, Linda S. Cram. Linda's address
4, Cha Phone 786-5456.

CORRECTION FROM LAST MONTH (OOPS!)

The Garden has requested that all Society members use the Visitors' parking lot when coming for a monthly or board meeting. Members requiring assistance are to go to the Admissions Booth and request a ride on the golf cart to Webster Auditorium. To get back to your car, the golf cart can be called to return you to the front gate after the meeting. Now that the Garden's Desert House will be occupied full time, DBG is restricting traffic to the back lots with **only one exception**: temporary parking to unload plants and materials is permitted.

Thanks for your cooperation!

K. Gilbert, Secretary

Desert Society

Doug Dawson
