2005 Convention

People ask me how I learned about plants. It's the usual story: reading, going to lectures, trying new growing techniques. People ask me where I get such unusual plants. Again, it's the usual story: Not at Home Depot nor Wal-Mart. People ask me how I get invited to visit well-known plant explorers all over the world. The usual story: I met them at a CSSA Convention and chatted them up, which resulted in an invitation to visit.

Soon, members of the CACSS will have an opportunity to do all of the above right here in town! The next Convention of the Cactus and Succulent Society of America will be hosted by the CACSS, August 5-10, 2005, at the Scottsdale Plaza Resort. You can read more about the Convention here: www.cssainc.org/convent.html.

In the coming months I will write more about the Convention. Plan now to help - set aside some time from your work schedule. Even if you can't volunteer for the whole Convention, an afternoon or a morning at the registration desk would be a big help. Or, if you can take off Monday, August 8, 2005, to lead a field trip, that would be wonderful, too. The Auction will begin about 5 pm on Sunday, August 7, 2005.

Talk to CACSS members who have been to past Conventions. You'll find out why I'm so excited about this.

Leo Martin,
CSSA Convention Program Chair

Twenty-six different lectures will be given of the course of the 5-day Convention, divided between cactus lectures and non-cactus lectures. Workshops are planned. There is one day of field trips. There is an enormous plant sale with top-notch vendors. There is an evening auction to raise money for CSSA research grants.

I am program chair and I am scheduling speakers. I can speak from experience that all of the speakers love talking about plants and don't mind being approached by strange plant people, which certainly includes me.

CACSS is hosting the Convention. We have done the legwork necessary for the CSSA to select a hotel. Next we will have the opportunity to help run the show.

CACSS members do not need to be members of the CSSA to volunteer. Most of the Convention work is done by CSSA Board members. Local host society members help with: the registration desk; information and directions for guests; one tour leader per bus for field trips; moving plants and assisting at the CSSA Auction one evening; publishing the program and lecture notes at CSSA expense; and finding advertisers for the program.

Interested in one of the name badges you see other members wearing? You can have one also. Send check in the amount of $7.50 (payable to CACSS) to:

How Do I Check Out Cacss Books?
To see a list of the books we have please see our catalog. Paul Schueneman, the CACSS librarian, can email you a copy of the catalog (see contact information at the end of this article). Or, you can pick up a catalog from him at a CACSS meeting. Or, there’s a copy of the catalog on the CACSS website: www.centralarizonacactus.org/liblist.htm. When you would like to check out books or journals, contact Paul at least a couple of days before the CACSS meeting and he will give the books to you there or he will go with you to Webster Auditorium (our books are shelved there) after the meeting and you can browse/check out books.

About The Show & Sale —— Leo Martin

This year’s Show and Sale was another great success. Many new exhibitors brought in plants. The public, as always, was dazzled by the wide variety of succulent plants they never knew existed. The Sale brought in 50% more in sales than last years’; the amount will be announced at the May 23 meeting.

I would like to thank the Desert Botanical Garden for allowing us to stage our Show and Sale in Dorrance Hall, and for giving us a tremendous publicity push in Sonoran Quarterly.
